MARYVILLE, MO., DECEMBER 12, 1917.

NUMBER 6

WINTER QUARTER BEGINS

Attendance Up to Standard— New Courses Are Offered.

Two hundred and sixty-one students had enrolled the first week for the winter quarter, a record which compares favorably with any previous enrollment for the winter term. This would indicate that the total enrollment will reach at least three hundred.

A number of courses are being offered this quarter for the first time.

In the current history, under Mr. Foster's instruction, the class will review the Alliances, general background, the causes of the war, and the history of the war up to the present time. Thru the magazines and newspapers, a careful study will be made of the current news. The members of the class have subscribed for The New York Daily Times, The London Weekly Times and the Review of Reviews. A reading table has been placed in the room, where articles of interest may be found.

Hygiene, as it applies to the principles of health control and health supervision in the schools, is being taught by Mr. Leeson of the biology department.

Advanced composition is offered by Miss Winn for those who have had the beginning course. Hereafter, students will be allowed to take five hours of composition, and either the methods or types course, to meet the seven and one-half hour requirement in English.

A study of music suitable for the three periods of a child's life will be made in the psychology of the child voice class. The best methods for presentation will also be considered.

VISITS GUILFORD SCHOOL.

Miss Brunner attended patron's day of the Guilford schools on November 23. It was an all day meeting and at noon dinner was served to the visitors and pupils by the girls of the high school.

At two o'clock a Thanksgiving program was given in the church because the crowd was so large it could not be accommodated in the school building. Miss Brunner was one of the speakers.

Mrs. Dora Etchison, a recent graduate of Normal Number Five is principal of the Guilford high school.

Elizabeth Cook, 1915, has accepted a position in the North Side School of St. Joseph.

ALUMNI SHOW LOYALTY.

Time to Plan Class Reunions.

Alumni of Number Five are loyal to their school if the letters received by the president of the alumni association can be taken as an index. On Saturday, November 10, circular letters were sent to the alumni, whose addresses were known, asking them to join the association and to help locate the remainder of the graduates. By Monday evening seven answers were in and they are still coming. Besides bringing enrollment fees and the information asked for, many of these letters express the deep interest of the graduates in their school and show their eagerness to keep in touch with it. Quotations from some of the letters will show the school spirit that follows our graduates wherever they go.

Elsie Dunn, who is supervisor of a training center in the Washington State Normal School, Ellensburg, Washington, writes: "My loyalty to the Maryville Normal made me say I wanted to be a part in boosting our school."

A. M. Darnell, superintendent of the school at Fillmore, sums up his loyalty in one brief statement: "We are boosting for Number Five."

Earl Borchers, in charge of the school at Helena says: "I shall be glad to do what I can for Number Five and the alumni; command me when I can be of service."

A long letter comes from Jeanetta Cottrill of Emporia, Kansas. Miss Cottrill is at home this year helping to fill the place of her brother Floyd, who is in training at Fort Sill. Among other things she says: "Although I am now an alumna of the Kansas State Normal I still feel much interested in the affairs about the good old school in Missouri. It was there I received many of the ideals that have been of so much benefit to me since."

From Fraser, Colorado comes the following letter written by Mrs. Alfred Estes who will be remembered as Ella Richards: "I heartily endorse the movement for the upbuilding of the association; a big, strong organization will lend an influence in the district such as no other organization of the school can do—it will be 'our bit' for our Alma Mater."

"Your letter followed me to my new home at Fraser, Colorado, a little village situated in a small valley and entirely surrounded by mountains but even this barrier could not

(Continued on Page Two)

MISS ANTHONY HONORED.

Government Survey Made by Class.

Miss Hettie Anthony, assisted by a number of the advanced students, has recently completed dietary studies for the War Emergency Food Survey.

This work is under the direct supervision of Dr. E. F. Langworthy, who has charge of the Federal home economics. The sheets for this work were sent out to a few selected schools over the United States. Our school was one of those chosen because we have a capable dietitian to supervise the work.

Definite records were kept for a week of each family observed. Accurate accounts were made of raw materials, waste, food consumed, cost of food and balance or lack of balance of rations. Miss Anthony corrected these sheets before returning them to Dr. Langworthy. She has received word that they were satisfactory.

This survey is an outgrowth of the recent food legislation to secure detailed facts of food consumption in typical homes representing different occupations and incomes. This information will be tabulated to determine whether the average American family is spending the correct percent of its income for food, and also whether the rations are balanced.

This work is a patriotic service of vital importance since it will be used to help in the National food conservation campaign.

PRESIDENT RICHARDSON TO ST. JOSEPH.

President Richardson went to St. Joseph Dec. 8, to meet with the board of control of the Northwest Missouri High School Association. Definite regulations are to be made governing the basket ball tournament in March and the literary, track and field contests in May.

C. H. BELTING TO KANSAS.

Mr. C. H. Belting went to Baldwin, Kansas, Thanksgiving, where he was referee for the football game between Baker and Ottawa universities. Mrs. Belting, who had been visiting her parents in Emporia, Kansas, met him in Kansas City and returned home with him.

WILLIAM DE VORE RETURNS.

William De Vore, a well-known former student, has returned to continue his work in the Normal.

THE BASKET BALL SCHEDULE

Large Squad Out—Season's Prospects Good.

Jan. 4—Omaha University at Maryville.
Jan. 11—Mo. Wesleyan at Maryville.
Jan. 17—Mo. Wesleyan at Cameron.
Jan. 18—Maryville at K. C. Polytechnic.
Jan. 23—William Jewell at Maryville.
Jan. 28—Central Wesleyan at Maryville.
Feb. 1—K. C. Poly. at Maryville.
Feb. 8—Maryville at Tarkio.
Feb. 21—Tarkio at Maryville.
Feb. 26—Westminster at Maryville.

Director of athletics, Walter Hanson has announced a basketball schedule of ten games for the 1917-1918 season. Seven games are with conference teams, and of these only two are to be played away from home.

The school enters into athletic relations with Westminster College for the first time. Kansas City Polytechnic and Omaha University are also new opponents. Tarkio and Missouri Wesleyan appear twice on the schedule. The first game will be played with Omaha University, January 4.

A large squad is working out daily under the direction of Coach George Palfreyman. He reports that the prospects for a winning team are good. With the advantageous schedule arranged by Mr. Hanson and Mr. Rickenbrode, it appears certain that we will have a strong contender for the championship.

Mr. Hanson, director of athletics, and Mr. Rickenbrode, secretary of the athletic committee, represented Maryville Normal at the meeting of the Missouri Intercollegiate Association held at Kansas City, Saturday, December 1.

Mr. Hanson was re-elected secretary and treasurer of the association. He was also made a member of the championship committee.

Kansas City Polytechnic Institute and Palmer College of Albany made formal application for admission into the association, but were rejected following a report of a committee to investigate their petitions.

It was suggested that some trophy or medal be awarded by the association to the man who has the highest average of scholarship from each

(Continued on Page Two)

THE GREEN AND WHITE COURIER

Maryville, Mo.

Edited and managed by the students and published twice each month at the State Normal School, Maryville, Mo., except the last of August and first of September.

Entered as second class matter, Nov. 9, 1914 at the Post Office at Maryville, Mo., under the act of March 3, 1879.

WEDNESDAY, DECEMBER 12

STATUTE 10802.

Some thoughtless or ignorant persons are guilty of marring the beautiful statuary in the Normal halls. Not content with defacing these works of art by writing names and pasting cards upon them, the miscreants have used their energy upon the Normal building itself. The plate-glass in the front door has a name and the initials of two others scratched deep into it — a lasting monument to some one's ignorance or thoughtlessness. The walls, windows, doors, wood-work, tables and chairs all bear the evidence of busy fingers and idle brains or empty heads. With every scratch, the perpetrators have committed an offense against the state of Missouri. Section 10802 of the Missouri Statutes declares that any one who wilfully defaces, mars or disfigures any building used for educational purposes, or its furniture or fixtures, by writing, cutting or pasting any likeness, figures or names thereon, may be fined in the sum double the amount of damages done, and not less or more than fifty dollars for each offense.

With the collection of a few such fines, the ignorant would become wise, and the thoughtless would begin to think before defacing public property.

institution. The committee decided to present to the four athletes highest in scholarship in each institution the following:

First prize, gold medal; second, silver medal; third, "most honorable mention;" fourth "honorable mention."

The annual state track and field meet was awarded to Springfield, Mo., May 10-11, 1918.

The question of the football championship for this year was discussed, and three teams were declared to have equal claims. Both Missouri Wesleyan and Drury were willing to play off the tie, but the representative for William Jewell was unwilling.

The official standing is as follows:

	W	L	Pct.
Missouri Wesleyan	5	0	1000
Drury College	4	0	1000
William Jewell	5	0	1000
Central College	3	2	600
Springfield Normal	3	2	600
Tarkio College	3	3	500
Westminster College	2	4	333
Kirkville Normal	1	5	166
Maryville Normal	0	6	000
Cape Girardeau Normal	0	3	000

THE KIRKSVILLE GAME.

It was a makeshift team that faced the Kirkville eleven. Three regulars were on the sidelines, and two others joined them after a few minutes of play. The game was hard fought, in spite of its unevenness, until the last quarter when Kirkville scored more points than in the other three quarters combined.

The outstanding feature of the game was the work of Big Bill Richards, Maryville's left tackle and fullback. Bill has been pronounced the best tackle in the state by those who have seen him play. Forrest Brown, center, and Walter Shilt, end, should also receive consideration for places on the mythical eleven by reason of their consistent, good showing throughout the season. Brown was the only man on the team who played the full season.

DEMONSTRATION SCHOOL NOTES

The children of the third, fourth, fifth, and sixth grades of the Demonstration School gave the following Thanksgiving program Wednesday morning, November 28:

Song—The Star Spangled Banner.
Flag Salute.

The President's Proclamation—

Laura Margaret Raines.

Song—The Joy of Harvest.

Grades V and VI.

Psalms XXIV.

Song—We Plow the Fields.

Instead of the usual donation of food for the poor of Maryville, who are being taken care of in other ways, the children brought money to add to their French orphan fund. They now have \$21 of the \$36.50 required.

ALUMNI SHOW LOYALTY

Continued from Page One)

cut me off entirely from dear old Normal Number Five."

With such members as these and many others equally as loyal, the association should do a great work this year. Already the membership is eight times as great as it was last year and other graduates have said they intend to enroll soon. It is the plan to so increase the membership this year that the association next year will be ready to take up some definite work that will be of value to the alumni and to the school. Every graduate should feel it a privilege to be a member of an organization that boosts the school from which he was graduated.

Plans are already being made for the banquet next June and many alumni have said they expect to be present. Why not have a reunion of your class? Begin planning for it at once and make your class the one to have a greater percentage of its members present than any other class.

VISITS FORT SILL.

Miss Helen Wamsley has returned from a visit with her brother George of Co. E, Engineer Corps, 110th Regiment, Camp Doniphan, Fort Sill, Okla. Miss Wamsley is a teacher in the Garfield ward school of Maryville.

NEW WORK IN THE ART DEPARTMENT.

A new phase of commercial art has been introduced into the fine arts department of this school. The advanced classes have been painting designs in color on celluloid and glass. This work will continue to form a part of the art courses for advanced students.

HUBERT GARRETT IN HOSPITAL.

Hubert Garrett, who is principal of the Pickering schools, underwent an operation at St. Francis hospital last week. Lisle Hanna, of the class of 1918, substituted during Mr. Garrett's illness.

FRED LEWIS RESIGNS.

Fred Lewis has resigned his position as manual training and athletic instructor in the Chillicothe high school. Mr. Lewis intends to take the examination for the aviation corps.

LITERARY SOCIETY NOTES.

Eurekan Notes.

Miss Amelia Madera is the new president of the Eurekan Literary Society. She will be assisted in her administrative duties by the following: Miss Elizabeth Brown, vice-president; Miss Ruth Foster, secretary; Miss Mary Crowson, treasurer, and Mr. Clifford Clark, sergeant at arms.

The first program, under the direction of the new officers, was given December 6th. Only "honorary members" took part. The program consisted of the following musical numbers:

Hawaian Guitar.....Drowst Waters
Larak dua aue.
VocalComin Thro the Rye
Reldriik Srale.
VocalAt Dawning
Kcamroc Nhoj.
ViolinWienerish
Relsierk Marah.
PianoMarch
Namffoh Fesoj.

Excelsior Notes.

The negative side won in the debate at the meeting of the Excelsior Literary Society, Thursday, December 6. The subject for debate was: Resolved: That the United States should have compulsory military training. Misses Minnie Turner and Davis spoke on the affirmative and Misses Bertha Jennings and Eva Bohannon presented the negative side of the question. Miss Winn's kind criticism will help to make the next debate better than this one.

At the business session, the society accepted the resignation of Mr. Warren Wilson as representative on the Courier Staff, and elected Miss Minnie Turner to succeed him. Mr. Wilson will play on the basket-ball team this season.

Philomathean Notes.

The Philomathean Literary Society gave the following program on December 6:

Vocal SoloThelma Morris
StuntNew Officers
Piano Duet.....Lucile Snowberger,
Dorothy Dale.
General Discussion: What I Did to
Conserve During Vacation.

Y. W. C. A. Notes.

At the meeting of the Y. W. C. A., November 28, Nellie Jordan was elected vice-president to succeed Marie Landfather. The Association decided to observe November 30, with the other associations of the nation, as a day of prayer and thanksgiving.

The program consisted of the reading of Psalm 97, a piano solo by Mary West and a discussion of "How This Thanksgiving Differs From Former Thanksgivings," by the leader, Hildred Goslee. Each member contributed to the meeting by telling her reasons for being thankful.

In the absence of the president, Nelle Jordan, the vice-president, presided at the Y. W. C. A. meeting, December 5. The Bible lesson, read by Miss Madeira, consisted of Psalm 15, God's standards for us; Psalm 121, God's support in keeping these standards; Psalm 19, the glorifying psalm. Bernice Rutledge was the leader of the discussion, The Origin and Work of the Y. W. C. A.

After the devotional service, a short business meeting was held in which the members voted to send Christian Association greetings to all former students who are now in government service.

Vesta Wright and Mary Collins were received as new members.

ANOTHER ALUMNUS ENLISTS.

Henry A. Miller, 1916, has enlisted and is now stationed at the U. S. Training station, Great Lakes, Illinois. He writes that new men are coming into the camp at the rate of 100 to 1,000 a day.

At present he is located in the detention barracks where the troops will be kept for twenty-one days to prevent the spread of disease. During this time they are recovering from the effects of vaccination and serum shots.

His letter contains the following interesting information: "As soon as we arrived we were searched for patent medicines, sulphur matches, cigarettes, etc. Dollars worth of cigarettes were taken away from the fellows. They are not allowed to smoke cigarettes while in this camp at all. They smoke pipes or cigars, but only outside barracks. They may smoke when they are promoted from this camp.

"We are assigned to barracks, each of which contains twenty four men. There are three rooms in a barrack, a kitchen, a living room, and a bed room. The barracks are kept spotlessly clean by squads of fellows who are detailed for that work. We sleep in hammocks which swing seven feet from the floor. It was some sport the first night to try to get in and stay in. When you thought you were comfortably in, the hammock would turn over and you would find yourself on the floor. Most of the fellows tumbled out a time or two and then stayed awake the rest of the night and held on to keep from doing so again."

SUPPOSE—

Suppose you had to live entirely by yourself for several weeks. What sort of companionship would you have?

Suppose every one in the colleges of North America took as earnest and practical an interest as you take in the vast host of men in the terrible dreariness of the military prison camps. Would their pitiful lot be any better.

Suppose your acts and motives were judged just as generously as you judge others. Would the opinion so formed of you be kind as well as fair?

Suppose the Christian Associations in your college went out of existence tomorrow. Would any one be aware of the fact?

Suppose all your friends at once adopted your habits of Bible study and prayer. Would they be the better for it?

Suppose every Christian man and woman in college took your attitude towards the familiar evils of your campus. Would your college soon know a new and better day?

Suppose you spent as much time in praying for your friend as you do in discussing or criticizing him. Would you both be the better for it?

—“The North American Student,”

October, 1917.

Paul Miller, Supply Company 356, Camp Funston, visited his sister Nellie, Friday, December 7. Mr. Miller has a fifteen-day furlough. Another brother is also stationed at Camp Funston.

JUSTICE-WAGERS.

Two of our former students were recently married—Blanche Justice and N. C. Wagers. The groom is stationed at Fort Sill, Okla., with the 139th U. S. Infantry.

ASSEMBLY NOTES.

Mr. Miller gave a Thanksgiving program the last assembly of the fall quarter, November 27. Several Thanksgiving stories were told. The following appropriate but unique Thanksgiving menu, illustrated with characteristic readings was presented:

Course I—Gladness:

Served with contentment, happiness, hope and faith. Riley—“When the Frost is on the Pumpkin.”

Course II—Hospitality:

Served with affability, friendship, loyalty and sympathy. Riley—“How John Quit the Farm.”

Course III—Love:

Served with generosity, charity, kindness, and personal warmth. Markham—“The Great Guest Comes.”

Dessert—Cup full of joy sweetened with religion.

The program closed with the reading of the Governor's Proclamation.

The first assembly of the winter quarter was utilized by President Richardson for making introductory remarks and announcements incident to the opening of a new quarter. President Richardson urged that students feel the responsibility of more training for the better positions.

MISS ANTHONY ELECTED CHAIRMAN.

Miss Anthony has been elected chairman of the household arts and science department of the State Teachers' Association. As chairman of this department, she will plan the work for the year and will arrange the program for the meeting next year at St. Louis.

1917 BOUND MAGAZINES RECEIVED.

Thirty volumes of the newly bound 1917 magazines are being catalogued and will soon be ready for use.

C. A. Hawkins entertained his sons, Ruskin, who attends Missouri University and Winfred, who was recently commissioned second lieutenant.

Miss Elsie Houston spent Thanksgiving vacation in Baldwin City, Kansas, as the guest of Miss Dorothy Hann and John Houston.

FRESHMAN MEETING.

A meeting of the freshman class was called Tuesday, Nov. 13, to elect a new representative for the Courier staff. Claude Glass, the former representative, has accepted a position in St. Joseph with the Central State Land and Loan Association. Gertrude Walker was elected to the staff and Euel Ramsey, sergeant-at-arms.

WHO SAYS WOMEN ARE NOT INVENTORS?

When you say a woman doesn't invent anything, I ask, "Who invented the Jacquard loom that wove every stitch you wear?" Mrs. Jacquard. The printer's roller, the printing press, were invented by farmer's wives. Who invented the cotton gin of the south that enriched our country so amazingly? Mrs. Greene invented the cotton gin, and showed the idea to Mr. Whitney, and he, like a man seized it. Who was it that invented the sewing machine? If I would go to school tomorrow and ask your children they would say, "Elias Howe."

He was in the civil war with me, and often in my tent, and I often heard him say that he worked fourteen years to get up that sewing machine. But his wife made up her mind one day that they would starve to death if something was not invented pretty soon, and so in two hours she invented the sewing machine. Of course he took out the patent in his name. Men always do that. Who was it that invented the mower and the reaper? According to Mr. McCormick's confidential communication, so recently published, it was a West Virginia woman, who after his father and he had failed altogether in making a reaper and gave it up, took a lot of shears and nailed them together on the edge of a board, with one shaft of each pair loose, and then wired them so that when she pulled the wire one way, it closed, and when she pulled the wire the other way it opened them, and there was the principle of the mowing machine. If you look at a mowing machine, you will see it is nothing but a lot of shears. If a woman can invent a mowing machine, if a woman can invent a trolley switch—as she did, and make the trolleys possible, if a woman can invent as Mr. Carnegie said, "—the great iron squeezers that laid the foundation of all the steel millions of the United States, 'we men' can invent anything under the Stars! I say that for the encouragement of the men."—Russell H. Conwell.

The following might be added: Mme. Curie, of Paris, was the discoverer of radium. Mrs. Korman assisted her husband in perfecting the process of distilling motor spirits. This process has increased the production of gasoline.

Y. W. C. A. NOTES.

Prayer was the subject of the Y. W. C. A. meeting Nov. 14. The Lord's prayer was read by Alberta Hahn as the Bible lesson. After the singing of Teach Me to Pray, by Mary Lewis, the following discussions were given:

What is PrayerVella Booth
The Need of Prayer.....Ruth Miller
Prayer and College Life

.....Bernice Rutledge
As the speaker for the Y. M. C. A. had disappointed the boys, they were the guests of the Y. W. C. A. Mr. Harry A. Miller, as the Y. M. C. A. representative, made an extemporaneous talk on Prayer.

FOODS CLASS MAKE WAR POSTERS.

The girls in the foods class have been making a series of patriotic posters as they believe that one teaches thru the eye as well as thru the ear. These posters are on exhibit in the corridor between the auditorium and the staff room. They should be studied carefully by everyone.

Y. W. C. A. SENDS SHIPMENT.

One hundred twenty-four is now the total number of garments shipped by the Y. W. C. A. to the French war sufferers. This includes the previous shipment of eighty-one garments and those donated. On account of the many interruptions of school, the work has been cut down. Great efforts are being made to finish fifty garments before the Christmas holidays.

H. P. Swinehart refereed a tie football game, score 7-7, between the Chillicothe and the Stanberry high schools at Stanberry, Nov. 14.

DEMONSTRATION SCHOOL TO HAVE SERVICE FLAG.

The Demonstration School is to have its own service flag. Five of its former students are in service and one, Frank McDougal, has been in France and is reported among the missing. The Demonstration School is the first school in Missouri to give up one of its boys. The boys represented on the service flag are:

Byron Price, Henry Reynolds, Robert Stohl, Carl Miller and Frank McDougal.

JOINT MEETING OF CHRISTIAN ASSOCIATIONS.

"What are you going to do with your life?" was the question asked and answered by Sterling L. Williams, field secretary of the State Sunday-School Convention, Nov. 21. He gave the four factors which should be considered by everyone as the need to be filled, personal ability to meet the need, the advice of intimate friends who have a wide outlook on life, and prayer. All these points were forcibly illustrated by personal experiences. The Christian Associations have seldom heard a more earnest and helpful speaker.

H. P. SWINEHART TO EXCELSIOR SPRINGS.

Thanksgiving Day H. P. Swinehart refereed a hotly contested football game between Excelsior Springs and Liberty high schools at Excelsior Springs. The score was 14-0 in favor of Excelsior Springs.

HIKING PARTIES.

Hiking is becoming a popular sport with the faculty and students of the Normal.

Saturday, October 13, Misses Beatrice Winn and Mattie Dykes walked from Arkoe to Maryville in three hours and twenty minutes. Besides that walk they took a hike of six miles in the afternoon making in all fifteen miles that day. Professor and Mrs. Foster were with them for five miles of the afternoon walk. The same day another party consisting of Misses Hook, Ozenburger, Rutledge, Hilmer and West took a walk of five miles for a wiener roast.

October 20, Miss Winn, Mattie Dykes and Tessie Degan walked from Maryville to Pickering and came back on the train. Miss Degan and Miss Dykes walked twelve miles that day.

Professors Foster, Cauffield and Hawkins the same day took a jaunt of five miles.

SOPHOMORE NOTES.

Fred Gray, the class president, resigned owing to the fact that he will not be in school next quarter. Olivette Godsey, vice-president succeeded to the office. Dorothy Dale was elected to the office of vice-president.

The class decided to give \$12 from the class treasury to the Y. M. C. A. War Fund. The class desires to thank Miss Brunner for a contribution to this fund.
